using either the qualification as a general or specific entry requirement for a course.

~~Larkhall Academy — National 5 Maths~~

A modified classical method for preliminary orbit determination is presented. In our proposal, the spread of the observations is considerably wider than in the original method, as well as the order of convergence of the iterative scheme involved. The numerical approach is made by using matricial weight functions, which will lead us to a class of iterative methods with a sixth local order of ...
