Studies of networked education. Featuring research on topics such as mobile learning, self-directed learning, and cultural considerations, this book is ideally designed for teachers, principals, higher education faculty, deans, curriculum developers, instructional designers, educational software developers, IT

File Type PDF

Business

specialists, students,

researchers, and

academicians.

This Handbook presents in-depth research conducted on a myriad of issues within the field of financial literacy.

Split into six sections, it starts by presenting prevalent conceptions of financial literacy before covering financial

File Type PDF

Business

literacy in the policy context, the state and development of financial literacy within different countries, issues of assessment and evaluation of financial literacy, approaches to teaching financial literacy, and teacher training and teacher education in financial literacy. In doing so, it provides precise

File Type PDF

Business

definitions of the
construct of financial
literacy and elaborates
on the state and recent
developments of
financial literacy around
the world, to show ways
of measuring and
fostering financial
literacy and to give hints
towards necessary and
successful teacher
trainings. The book also
embraces the diversity

File Type PDF

Business

in the field by revealing contrasting and conflicting views that cannot be bridged, while at the same time making a contribution by re-joining existing materials in one volume which can be used in academic discourse, in research-workshops, in university lectures and in the definition of program initiatives

File Type PDF

Business

within the wider field of financial literacy. It allows for a landscape of financial literacy to be depicted which would foster the implementation of learning opportunities for human beings for sake of well-being within financial living-conditions. The Handbook is useful to academics and students
