## Basics of Candlestick Charts in Technical Analysis

Candlestick charting emphasizes the opening and closing prices of a stock security for a given day. Many candlesticks are simple to use and interpret, making it easier for a beginner to figure out bar analysis — and for experienced traders to achieve new insights.

### *Technical Analysis For Dummies Cheat Sheet - dummies*

It is a good introduction to candlestick charting but, as others have point out, it is rife with errors. Often times when the author describes a pattern, he will refer to the high when he should say low or open when he should say close. This can make the reading confusing.
