Controlled natural
languages (CNLs) are

Page 45/72

Lecture Lecture

Download

Ebook

based on natural language and apply restrictions on vocabulary, grammar, and/or semantics.

They fall broadly into 3 groups. Some are designed to improve communication for non-native speakers of the respective natural language; in others, the restrictions are to

Lecture Lecture

Download

Ebook

facilitate the use of computers to analyze texts, for example, to improve computer-aided translation; and a third group of CNLs are designed to enable reliable automated reasoning and formal knowledge representation from seemingly natural texts. This book

Lecture Lecture

Download

Ebook

presents the 11 papers, selected from 14 submitted, and delivered at the sixth in the series of workshops on Controlled Natural Language, (CNL 2018), held in Maynooth, Ireland, in August 2018. The papers cover a full spectrum of controlled natural

Lecture Lecture

Download

Ebook

languages, ranging from human oriented to machine-processable controlled languages and from more theoretical results to interfaces, reasoning engines, and the real-life application of CNLs. The book will be of interest to all those working with controlled natural

Lecture Lecture

Download

Ebook

language, whatever
their approach.

This book constitutes
the thoroughly

refereed post-
workshop

proceedings of the
Workshop on

Controlled Natural
Language, CNL 2009,
held in Marettimo

Island, Italy, in June

2009. The 16 revised

Lecture Lecture

Download

Ebook

full papers presented together with 1 invited lecture were carefully reviewed and selected during two rounds of reviewing and improvement from 31 initial submissions.

The papers are roughly divided into the two groups language aspects and tools and

Lecture Lecture

Download

Ebook

applications. Note that some papers fall actually into both groups: using a controlled natural language in an application domain often requires domain-specific language features.

This book constitutes the refereed proceedings of the

Page 52/72

Lecture Lecture

Download

Ebook

5th International

Workshop on

Controlled Natural

Language, CNL 2016,

held in Aberdeen, UK,

in July 2016. The 11

full papers presented

were carefully

reviewed and selected

from 15 submissions.

The topics range from

natural languages

which are controlled,

to controlled

Page 53/72

languages with a natural language flavour; and from more theoretical results to interfaces, reasoning engines and real-life applications of CNLs.

Controlled natural languages (CNLs) are subsets of natural languages, obtained by - stricting the

Lecture Lecture

Download

Ebook

grammar and vocabulary in order to reduce or eliminate ambiguity and complexity.

Traditionally, controlled languages fall into two major types: those that - prove readability for human readers, and those that enable reliable automatic semantic

Lecture Lecture

Download

Ebook

analysis of the language. [. . .] The second type of languages has a formal logical basis, i. e. they have a formal syntax and semantics, and can be mapped to an existing formal language, such as first-order logic. Thus, those languages can be used as knowledge representation

Lecture Lecture

Download

Ebook

languages, and writing of those languages is supported by fully automatic consistency and redundancy checks, query answering, etc.

Wikipedia Various controlled natural

languages of the second type have been developed by a

number of organizations, and

Page 57/72

Lecture Lecture

Download

Ebook

have been used in many different application domains, most recently within the Semantic Web. The workshop CNL 2009 was dedicated to discussing the similarities and the differences of existing controlled natural languages of the second type, possible improvements to these
