Fahey's Fit and Well is the best-selling Fitness/Wellness textbook series in the higher education market, know for its accuracy, labs, and rigor. The 9th edition of Fit and Well will be available with the Connect online learning management system, featuring assignable labs, videos, Internet exercises, pre and post tests, an interactive ebook, and more. Teaching the Fitness/Wellness class in a hybrid or online format has never been easier. Fahey's Fit and Well is designed to motivate students to take their health seriously. It helps them understand why they should make healthy choices and how they can change unhealthy patterns. And it gives them the tools to do it. Fit and Well motivates students through science - Fit and Well provides the information students need to start their journey to fitness and wellness not the random, unreliable information found on the Internet but authoritative, science-based information from experts who work and teach in the field. Fit and Well motivates students through personal engagement - Fit and Well provides the foundation and the resources students need to create personalized fitness programs, including exercise guidelines, self-assessments, lab activities, descriptions and illustrations of exercises, sample programs, and a wealth of behavior change tools and tips. Fit and Well motivates students through Connect Fit and Well - McGraw-Hill's Connect, a new web-based assignment and assessment platform, connects students with their coursework and with their instructors.

Fit & Well gives students the knowledge and skills to make meaningful and lasting behavior changes. The most trusted and proven science-based content in a new edition and digital teaching and learning tools help college students improve their exercise, eating, and stress management habits. -- From publisher description.

Fit & Well gives students the knowledge and skills they need to make meaningful and lasting behavior change. The new edition combines proven science-based content and digital teaching and learning tools to help students improve their activity, eating, and stress management habits. -Fit & Well motivates students through science - Fit & Well provides accurate, reliable, current information on key health and fitness topics while also addressing issues related to mind-body health, research, diversity, gender, and consumer health. Fit & Well's authoritative, science-based information is written by experts who work and teach in the field of exercise science, physical education, and health education. -Fit & Well motivates students through personal engagement - The Fit & Well learning system uses the digital tools that have become an integral part of student's college experience. Fit & Well builds research, critical thinking, and behavior change skills through engaging self-assessments, video activities, sample programs, and tools and tips for making positive changes. -Fit & Well motivates students through Connect - Tied to core student learning outcomes and objectives, Connect provides a highly interactive learning environment designed to help students connect to the resources they need to achieve success in the course.

Learn how to take control of your own well-being. You'll find both the motivation and scientific knowledge you need to develop your own personal plan for healthy living and to make physical activity an integral part of that plan. You'll also explore the roles of stress management, sleep, and nutrition in achieving your goals.

Fit and Well Brief offers an outstanding text and teaching package designed to help students incorporate fitness and wellness into their daily lives. It provides accurate, up-to-date coverage of the components of health-related fitness, as well as coverage of nutrition. It also gives students the practical tools they need to take charge of their wellness-related behaviors and adopt a healthier lifestyle.

The best-selling and most trusted title in fitness and wellness, Fit & Well is a learning system that teaches the science and the skills students need to enjoy a lifetime of wellness. The new edition of Fit & Well utilizes innovative technologies to engage and motivate students to take their health seriously and make healthy lifestyle behavior choices. Fit & Well motivates students through science - Fit & Well's respected text, which is available both in print and as an integrated multimedia eBook, provides the information students need to start their journey to fitness and wellness. Fit & Well's authoritative, science-based information is written by experts who work and teach in the field of exercise science, physical education, and health education. -Fit & Well provides accurate, reliable, current information on key health and fitness topics while also addressing issues related to mind-body health, research, diversity, gender, and consumer health. -Fit & Well motivates students through personal engagement - The Fit & Well learning system uses the online technologies and multimedia tools that have become an integral part of student's college experience. Fit & Well's engaging online tools enable students to personalize their learning and develop fitness programs and lifetime wellness plans. Hands-on activities include self-assessments and fitness labs, video on timely health topics such as tattooing and tanning beds, exercise demonstrations videos, a daily fitness and nutrition log, sample programs, and a wealth of behavior change tools and tips. Fit & Well builds research skills, critical thinking skills, and behavior change skills. Fit & Well motivates students through Connect and LearnSmart - Tied to core student learning outcomes and objectives, Connect Fit & Well is a web-based assignment and assessment platform that promotes active learning and provides tools that enable instructors to teach the course more efficiently and effectively. An integrated multimedia eBook, the unparalleled LearnSmart adaptive assessment program, and a wealth of other online activities, assessments, and behavior change tools engage students using technologies that most students use on a daily basis. Using Connect, instructors can easily assign pre-loaded activities, create and edit assignments, produce video lectures, upload their own articles or videos, cascade assignments and produce reports for one or many course sections.
