A fascinating look at a sociopathic murderer, *A Hand In The Water; The Many Lies of Albert Walker* is the true story of a Canadian who, in late 1990, fled to Europe after fleecing his financial investment clients for millions. Author Bill Schiller, a journalist based in Vancouver, B.C., conducted a series of visits with Walker in prison before the trial.

Willy Cherrymill and his stepdaughter, Lacey, are deeply bruised by a past brimming with unanswered questions. It's been thirty years since May DuBerry, Willy's young wife and Lacey's mother, abandoned them both, leaving Willy to raise Lacey alone. Lacey Cherrymill is smart, stubborn, and focused. She's also single mother to a young daughter recently diagnosed with a devastating illness. The last thing she needs to think about right now is the betrayal that rocked her childhood. Reluctantly, she has returned to her rural beginnings, a former dairy farm in the

Maryland countryside, and to Willy, a man steeped in his own disappointments and all the guilt that goes with them. Together they will pool their wobbly emotional resources to take care of Lacey's daughter, Tasha, all the while trying to skirt the issue of May's mysterious disappearance. But try as she might, Lacey can't leave it alone. Just where is May DuBerry Cherrymill and why did she leave them, and how is it that they have never talked about the wreckage she left behind? A Hand to Hold in Deep Water is a deeply felt narrative about mothers and daughters, the legacy of secrets, the way we make a family, and the love of those who walk us through our deepest pain. It is about the way we are tethered to one another and how we choose to wear those bindings. These are characters

The WHO Guidelines on Hand Hygiene in Health Care provide health-care workers (HCWs), hospital administrators and health authorities with a thorough review of evidence on hand hygiene in health care and specific recommendations to improve practices and reduce transmission of pathogenic microorganisms to patients and HCWs. The present Guidelines are intended to be implemented in any

situation in which health care is delivered either to a patient or to a specific group in a population. Therefore, this concept applies to all settings where health care is permanently or occasionally performed, such as home care by birth attendants. Definitions of health-care settings are proposed in Appendix 1. These Guidelines and the associated WHO Multimodal Hand Hygiene Improvement Strategy and an Implementation Toolkit (<http://www.who.int/gpsc/en/>) are designed to offer health-care facilities in Member States a conceptual framework and practical tools for the application of recommendations in practice at the bedside. While ensuring consistency with the Guidelines recommendations, individual adaptation according to local
