They're not bad, but to me, "Jacob's New Dress" is what those books were trying to be, and not quite reaching. There's a little boy named Jacob. He's in preschool, or kindergarten, somewhere around that age. At school, he goes to the dress-up corner with his friend Emily.

~~Jacob's New Dress by Sarah Hoffman— Goodreads~~

Jacob's New Dress is the PERFECT book for a boy like my son. It's a story about a little boy that likes to wear dresses and that's just part of who he is. You travel through a couple days with Jacob and really get a sense of both the internal and external struggles he has to deal with.

Jacob's mom's look of concern when he first asks about the dress is poignant, and his dad's words of acceptance ("Well, it's not what I would wear, but you look great") could easily serve as a model for fathers in similar positions. What rings less true is the story's rosy end. Faced with Christopher's bullying comments and other kids' laughter, Jacob is so buoyed by his new dress that he ...

Jacob loves playing dress-up, when he can be anything he wants to be. Some kids at school say he can't wear "girl" clothes, but Jacob wants to wear a dress to school. Can he convince his parents to let him wear what he wants? This heartwarming story speaks to the unique challenges faced by children who don't identify with traditional gender roles.

Every night, Bailey dreams about magical dresses: dresses made of crystals and rainbows, dresses made of flowers, dresses made of windows. . . . Unfortunately, when Bailey's awake, no one wants to hear about these beautiful dreams. Quite the contrary. "You're a BOY!" Mother and Father tell Bailey. "You shouldn't be thinking about dresses at all." Then Bailey meets Laurel, an older girl who is touched and inspired by Bailey's imagination and courage. In friendship, the two of them begin making dresses together. And Bailey's dreams come true! This gorgeous picture book—a modern fairy tale about becoming the person you feel you are inside—will delight people of all ages.

Morris is a little boy who loves using his imagination. But most of all, Morris loves his classroom's dress-up center and its tangerine dress. Morris is a little boy who loves using his imagination. He dreams about having space adventures, paints beautiful pictures and sings the loudest during circle time. But most of all, Morris loves his classroom's dress-up center — he loves wearing the tangerine dress. But the children in Morris's class don't understand. Dresses, they say, are for girls. And Morris certainly isn't welcome in the spaceship some of his classmates are building. Astronauts, they say, don't wear dresses. One day when Morris feels all alone, and sick from the taunts of his classmates, his mother lets him stay home from school. Morris reads about elephants, and puts together a puzzle, and dreams of a fantastic space adventure with his cat, Moo. Inspired by his dream, Morris paints the incredible scene he saw, and brings it with him to school. He builds his own spaceship, hangs his painting on the front of it and takes two of his classmates on an outer space adventure. With warm, dreamy illustrations Isabelle Malenfant perfectly captures Morris's vulnerability and the vibrancy of his imagination. This is a sweetly told story about the courage and creativity it takes to be different. Correlates to the Common Core State Standards in English Language Arts: CCSS.ELA-LITERACY.RL.1.3 Describe characters, settings, and major events in a story, using key details. CCSS.ELA-LITERACY.RL.1.4 Identify words and phrases in stories or poems that suggest feelings or appeal to the senses.

A heartwarming book about unconditional love and one remarkable family. Dyson loves pink, sparkly things. Sometimes he wears dresses. Sometimes he wears jeans. He likes to wear his princess tiara, even when climbing trees. He's a Princess Boy. Inspired by the author's son, and by her own initial struggles to understand, this heartwarming book is a call for tolerance and an end to bullying and judgments. The world is a brighter place when we accept everyone for who they are.

More than anything, William wants a doll. "Don't be a creep," says his brother. "Sissy, sissy," chants the boy next door. Then one day someone really understands William's wish, and makes it easy for others to understand, too.

A young boy with a penchant for pink, sparkly, "girly" clothes confronts backlash from his peers and must decide whether to conform to traditional gender norms or be true to himself.

Felix likes to wear skirts. He thinks they're fun—plus he likes the way his legs move in them. His family doesn't mind, but that's not the case for Felix's classmates. Their merciless teasing makes him want to give up school for good. Can Felix's parents come up with a way to validate Felix's expression, while also teaching the other children a lesson in acceptance? A timely picture book that tackles themes of empathy and tolerance in a world where it's tough to be different.

What do you like? How do you feel? Who are you? This brightly illustrated children's book provides a straightforward introduction to gender for anyone aged 5-8. It presents clear and direct language for understanding and talking about how we experience gender: our bodies, our expression and our identity. An interactive three-layered wheel included in the book is a simple, yet powerful, tool to clearly demonstrate the difference between our body, how we express ourselves through our clothes and hobbies, and our gender identity. Ideal for use in the classroom or at home, a short page-by-page guide for adults at the back of the book further explains the key concepts and identifies useful discussion points. This is a one-of-a-kind resource for understanding and celebrating the gender diversity that surrounds us.

Can a boy be “trapped” in a girl's body? Can modern medicine “reassign” sex? Is our sex “assigned” to us in the first place? What is the most loving response to a person experiencing a conflicted sense of gender? What should our law say on matters of “gender identity”? When Harry Became Sally provides thoughtful answers to questions arising from our transgender moment. Drawing on the best insights

from biology, psychology, and philosophy, Ryan Anderson offers a nuanced view of human embodiment, a balanced approach to public policy on gender identity, and a sober assessment of the human costs of getting human nature wrong. This book exposes the contrast between the media ' s sunny depiction of gender fluidity and the often sad reality of living with gender dysphoria. It gives a voice to people who tried to “ transition ” by changing their bodies, and found themselves no better off. Especially troubling are the stories told by adults who were encouraged to transition as children but later regretted subjecting themselves to those drastic procedures. As Anderson shows, the most beneficial therapies focus on helping people accept themselves and live in harmony with their bodies. This understanding is vital for parents with children in schools where counselors may steer a child toward transitioning behind their backs. Everyone has something at stake in the controversies over transgender ideology, when misguided “ antidiscrimination ” policies allow biological men into women ' s restrooms and penalize Americans who hold to the truth about human nature. Anderson offers a strategy for pushing back with principle and prudence, compassion and grace.
