Keepsake Book
For Children In
Nector Care

Bernadette and
Norman Smith have
just celebrated their
fiftieth wedding
anniversary. After all
these years, they are
still romantic and in
love. They have four
children who all have
children of their own.
The children live in

nearby Los Angeles
not far from the
retirement park where
Bernadette and
Norman are living. Of
all the grandchildren
she has, Bernadette
has a favorite, Eddie.
She and Eddie, who
is a teenager when
the book begins, have
many interests in
common. They love
books, history and

language. And Eddie likes to help Bernadette do small things like show her how to use an iPod. When setting up her computer he scatters his back pack belongings all over the sofa in the study. He hurriedly grabs them up when his dad says it is time to go. Bernadette thinks that

the study could use a little change of décor. As she slides the sofa away from the wall she discovers a book wedged in between the wall and the sofa. The book is Infinite Jest by David Foster Wallace. On the inside cover someone has written "Eddie's Bible". Bernadette believes that Eddie

has left her this treasure -- a modern translation of the Bible specifically for young people. And she begins to read it. She doesn't tell anyone about the book, but it starts to influence her decisions and beliefs. As she is beginning her senescence, her mind is aging, too, and logic is fleeing.

She, in fact, is showing senility. How will the book influence her decisions about her children and grandchildren? How will it change how she copes and how she feels as old age begins to take its toll on both she and Norman. When their children have problems in their

marriages and her grandchildren become unapproachable and her husband's health as well as her own begins to fail, how will "Eddie's Bible" help her, or will it at all? There are no quotes or references to Wallace's book in this novel. The novel is not based on any of his work or on any

work about him. And could there be a more odd selection of novels to even refer to in this more delicate story? Perhaps you will find out why I chose that book as you read.

I never planned to fall in love. Least of all with a woman, you. But I did, and

telling you was the hardest thing I ever did. I knew how you would reach first, but I never anticipated how hard it will be for me or how you reacted next. I had to write, for the first time ever, and now we face book number two. I wrote just to tell you how I feel, what I think. All the things I wanted to

say to you but you
didn't want to
listen. So I wrote, and
wrote, and wrote.

Flood of thoughts,
feelings, whatever
came to my mind.
Just to give me five
minutes of strength to
get out of bed. I wrote
for me. I wrote for
you. Most of them are
here. My pain, my
love, my longing, my

hesitations, My
certainty. I know you
don't want to hear
from me, don't want to
read what I have to
tell you. But I have to
get them out of me, if
not to you then just
out there, to the world
who doesn't know
me. Maybe some day
you will find your
courage and return.
Until then my love,

Reinventing yourself is harder when you don't remember who you were. Seventeen-year-old Kalindi wakes up in hospital with no recollection of

How she got there.

But that's not the only
thing she doesn't

remember: Her whole
memory has been

wiped clean. How?

The doctors can only
speculate. Kalindi

doesn't know what

Feeling like an invader, she meets her parents, friends and boyfriend.

Everybody says her life was perfect, but she's having a hard time accepting who she was, and the kind of person she wanted to be. She's also got boards to pass-but she doesn't remember anything she learned!

And the recurrent nightmares don't make it any easier. Nobody knows what happened to her. Can she have a peaceful present and future, without a past? Can she just live in the here and now?
