listed as the main result. Right-click that result and choose "Run as administrator." Option Three: Use the Run Box. If you're used to using the "Run" box to open apps, you can use that to launch Command Prompt with admin privileges. Press Windows+R to open the "Run" box. Type "cmd" into the box and then press Ctrl+Shift+Enter to run the command as an administrator.

How to Open the Command Prompt as Administrator in Windows

...

Scripts accept all Commands that are available at the command line. Windows has two command shells: The Command shell and PowerShell . Each shell is a software program that provides direct communication between you and the operating system or application, providing an environment to automate IT operations.
