After decades of  
stability from the  
1920s to the early  
1970s, the rate of  
imprisonment in the  
United States has

# Read Free Standard

increased fivefold during the last four decades. The U.S. penal population of 2.2 million adults is by far the largest in the world. Just under one-quarter of the world's prisoners are held in American prisons. The U.S. rate of incarceration, with nearly 1 out of every 100 adults in prison or

# Read Free Standard

jail, is 5 to 10 times higher than the rates in Western Europe and other democracies. The U.S. prison population is largely drawn from the most disadvantaged part of the nation's population: mostly men under age 40, disproportionately minority, and poorly

# Read Free Standard

educated. Prisoners often carry additional deficits of drug and alcohol addictions, mental and physical illnesses, and lack of work preparation or experience. The growth of incarceration in the United States during four decades has prompted numerous critiques and a

# Read Free Standard

growing body of scientific knowledge about what prompted the rise and what its consequences have been for the people imprisoned, their families and communities, and for U.S. society. The Growth of Incarceration in the United States examines research

# Read Free Standard

and analysis of the dramatic rise of incarceration rates and its affects. This study makes the case that the United States has gone far past the point where the numbers of people in prison can be justified by social benefits and has reached a level where these high rates of incarceration

# Read Free Standard

themselves constitute a source of injustice and social harm. The Growth of Incarceration in the United States examines policy changes that created an increasingly punitive political climate and offers specific policy advice in sentencing policy, prison policy, and

# Read Free Standard

social policy. The report also identifies important research questions that must be answered to provide a firmer basis for policy. This report is a call for change in the way society views criminals, punishment, and prison. This landmark study assesses the evidence and its

# Read Free Standard

Implications for public policy to inform an extensive and thoughtful public debate about and reconsideration of policies.

This report assesses  
the effectiveness of

# Read Free Standard

Training in correctional education programs for both incarcerated adults and juveniles and the cost-effectiveness of adult correctional education. It also provides results of a survey of U.S. state correctional education directors that give an up-to-date picture of what correctional education looks like

# Read Free Standard

today. Finally, the authors offer recommendations for improving the field of correctional education moving forward.

Developed by leaders in the fields of health, law and corrections, NCCHC's nationally recognized Standards

# Read Free Standard

lay the foundation for constitutionally acceptable health services systems and can help prisons to improve health services delivery. The Standards address nine general areas: health care services and support, patient care and treatment, special needs and services, governance
