Get the stories behind the greatest albums in Christian music from the people who know them best(a veritable Whos Who of Christian music journalism. In this first-of-its-kind book, leading Christian music critics celebrate the artists and albums that have impacted generations of believers.The 100 Greatest Albums in Christian Music presents each chosen album along with pictures of the original jacket art, photographs, and information on the making and influence of that recording. Readers will cherish insights into artists that include Amy Grant, Rich Mullins, dcTalk, Jars of Clay, Keith Green, and Larry Norman and savor the history of such landmark albums as Lead Me On, Another Land, and No Compromise.

Describes the background of the best rock albums of the past ten years, and includes brief interviews with performers and producers

What are the 100 greatest rock 'n' roll albums of all time? In its popular, provocative series, VH1 offers up its own definitive list of the greatest albums ever recorded. Here, in an essential book for any music freak, geek, or fan just looking for a guide to fill in the blanks on the next trip to the CD store, are the reasons why. Various writers working in diverse styles, from the utterly personal to the academic, explain why these albums matter and what distinguishes them from the many thousands of black platters and silver discs that have been released since the birth of rock 'n' roll. Featuring artist commentary and rare nuggets of info, highlighting key tracks and including album credits, these essays will have you seeking out some of the albums you missed and rushing back to old favorites to listen to them with new ears.

Even in this digital age, we haven't moved so far from our past that there's no room for the traditional musical format that is vinyl. In The Greatest 100 Albums To Own On Vinyl, we collate the greatest albums to have ever been pressed and then sold on vinyl since the '50s. From the bands and solo artists that made the music possible, to the sleeve art and limited edition extras of the record itself, we will take you on the ultimate journey of musical discovery, from Pet Sounds to Purple Rain, Blue to The Blueprint, At Folsom Prison to OK Computer.

There are way more than 100 Great Rock Albums, and placing them in some kind of order is incredibly difficult. Music is not a competition and there are no hard and fast criteria by which to judge the greatness of an album. All you can do is measure popularity, the artistic currency a record currently has with critics or the public. So what, then, is the point of this, The 100 Greatest Rock Albums to Own on Vinyl? Think of it as a curation, an opinion poll, a beginner's guide, a celebration of some of the greatest music ever made, and a snapshot of a time. Nothing here is set in stone, and if we do this again the results will almost definitely be different. But right now, in 2020, these are the 100 albums that rock fans will want to own on Vinyl. The result is this book dedicated to some of the greatest records ever made, the albums that have soundtracked the lives of generations. When we were making this, we listened to each and every one of them. Far from being a difficult slog through music we've listened to a thousand times, it reminded us of why we love rock music so much. We hope it will do the same for you the same for you.

Australian music has a proud, colourful and successful history. In 2008, Australian rock and roll turned 50. This book names the best Australian albums of the last 50 years. It places each album in order (from 1 u 100) and discusses why each album deserves its place. It tells the story behind the making of the album, where the album fits in the artist's career and the album's impact on the local and world stage etc. The entries will feature new interviews with the artists and the producers/managers involved in the recording and the release of the album. It wouldn't be a good list if it didn't polarise people and we hope that this list will. We also hope that it will get people sitting around comparing their favourites and discovering or re-discovering these great albums and others. With 70 years of loving and writing about Australian music between us, we shamelessly believe we've earned the right to write this book. And we think we've got it right. Let the debate begin.o u John O'Donnell, April 2010 Finally, here is a much-needed list of argument-starting top 100 seminal/ influential/essential Australian albums of all time. Let the fight begin!

This book names the best albums of the last 50 years from across the globe. It tells the story behind the making of the album, where the album fits in the artist's career and the album's impact on the local and world stage. The entries will feature new interviews with the artists and the producers/managers involved in the recording and the release of the album. Finally, here is a much-needed list of argument-starting top 100 seminal/influential/essential albums of all time. Let the fight begin!

This one-of-a-kind reference investigates the music and the musicians that set the popular trends of the last half century in America. □ Contains an alphabetical collection of entries that each profile a major group and band from the past 60 years □ Provides a selected discography and bibliography for further listening and reading for each entry □ Covers a wide variety of styles from classic rock to surf rock to hip hop □ Features sidebar entries which tie together larger popular music concepts such as the rise and influence of MTV and the phenomenon of girl bands

Now in paperback, a lush and lavish tribute to the greatest music of the last fifty years by the ultimate authority on rock & roll -- Rolling Stone. In the continuing tradition of Rolling Stone's in-depth coverage of the legends of music comes the paperback version of The 500 Greatest Albums of All Time. Compiled by the editors of Rolling Stone and a celebrity panel of nearly three hundred musicians and critics -- including U2's the Edge, Jackson Browne, Green Day's Billie Joe Armstrong, and Metallica's James Hetfield -- The 500 Greatest Albums of All Time is the definitive collection of the best albums ever made. With five hundred album covers, reviews from Rolling Stone writers and editors, and more than one hundred rare photos from the recording sessions where this memorable music was made, The 500 Greatest Albums of All Time is a must-own for the true music fan.

The endurance of Pink Floyd's *The Dark Side of the Moon* on the Billboard Top 100 Chart is legendary, and its continuing sales and ongoing radio airplay ensure its inclusion on almost every conceivable list of rock's greatest albums. This collection of essays provides indispensable studies of the monumental 1973 album from a variety of musical, cultural, literary and social perspectives. The development and change of the songs is considered closely, from the earliest recordings through to the live, filmed performance at London's Earls Court in 1994. The band became almost synonymous with audio-visual innovations, and the performances of the album at live shows were spectacular moments of mass-culture although Roger Waters himself spoke out against such mass spectacles. The band's stage performances of the album serve to illustrate the multifaceted and complicated relationship between modern culture and technology. The album is therefore placed within the context of developments in late 1960s/early 1970s popular music, with particular focus on the use of a variety of segues between tracks which give the album a multidimensional unity that is lacking in Pink Floyd's later concept albums. Beginning with 'Breathe' and culminating in 'Eclipse', a tonal and motivic coherence unifies the structure of this modern song cycle. The album is also considered in the light of modern day 'tribute' bands, with a discussion of the social groups who have the strongest response to the music being elaborated alongside the status of mediated representations and their relation to the 'real' Pink Floyd.
