The Cultural Contradictions of Capitalism. In The Cultural Contradictions of Capitalism (1976), Bell contends that the developments of twentieth-century capitalism have led to a contradiction between the cultural sphere of consumerist instant self-gratification and the demand, in the economic sphere, for hard-working, productive individuals.

Daniel Bell - Wikipedia

To tame the cultural contradictions of capitalism one need not resort to sociology or to structural arguments of any kind. One need only keep faith and hope in balance and in proper perspective, each in its own domain. There is a testament to this proposition, and it is a wonder that in his three major books Bell never saw fit to mention
