More than one hundred taste-tempting soul-food recipes. From the grandson of Harlem's queen of soul food, Sylvia Woods, comes a new take on soul food-down-home cooking that tastes as good as the food you grew up with. Lindsey Williams knows soul food. He was raised in the kitchen of his grandmother's restaurant, Sylvia's, where he mastered the art of soul-food cooking. But being around all of that good food took its toll. When he tipped the scales at four hundred pounds, he knew he had to make some serious changes. That's when he lost more than half his body weight and began his own brand of healthy soul-food cooking that's loved by the clients of his catering business. Now, with Neo Soul, we can all enjoy some guilt-free soul food. Neo Soul features more than one hundred of Williams's delectable recipes, including Grandma's Roasted Turkey, Lenzo's Trout Stuffed with Collard Greens, Okra Gumbo, Neo Sweet Potato Pie, and Blueberry Buckle. They're all so good, you'll never miss the fat

Contacting Your Spirit Guide is divided into two parts. In the first section, Sylvia Browne helps you find your spirit guides – the entities who are designated by you and God to assist you with life and give you guidance. You will not only learn how to tune in to this guide or guides, but you'll also see how you can recognize who they are, the messages they can give you, and even discern what their names are so you'll know how to refer to them. In the second part of the book ("A Day in the Life of a Spirit Guide"), Sylvia writes intimately about her spirit guides, Francine and Raheim. For example, she explains how Francine first contacted her, how she (Sylvia) first went into trance mediumship, and reveals personal tidbits about her relationship with this guide. Sylvia's love and respect for Francine and Raheim is evident throughout the stories that are presented. It becomes clear that through good times and bad, spirit guides look out for those under their care. Sylvia offers great insight into the workings of spirit guides, and in so doing, gives you the tools to understand your "unseen companions along the way."
